Connor McGoey

Computer Science Student

A self-motivated Computer Science student a strong ability to finding reliable and sustainable solutions for software. I have experience spanning across multiple platforms and programming models. I offer skills in both front-end and back-end development using languages such as Python, Java, JavaScript, assembly, and C. I am fluent in English and excel in fast-paced environments where learning more is always a priority.

SKILLS

Skill		Skill	
Python		C	
Java		JavaScript	
ARM		UNIX	
VI		Regular Expressions	
Eclipse		Pycharm	
VS Code		Data Structures	
Logical Programing		Functional Programming	
Object-Oriented Programming		CSS	
HTML		DOM Manipulation	
Bootstrap			
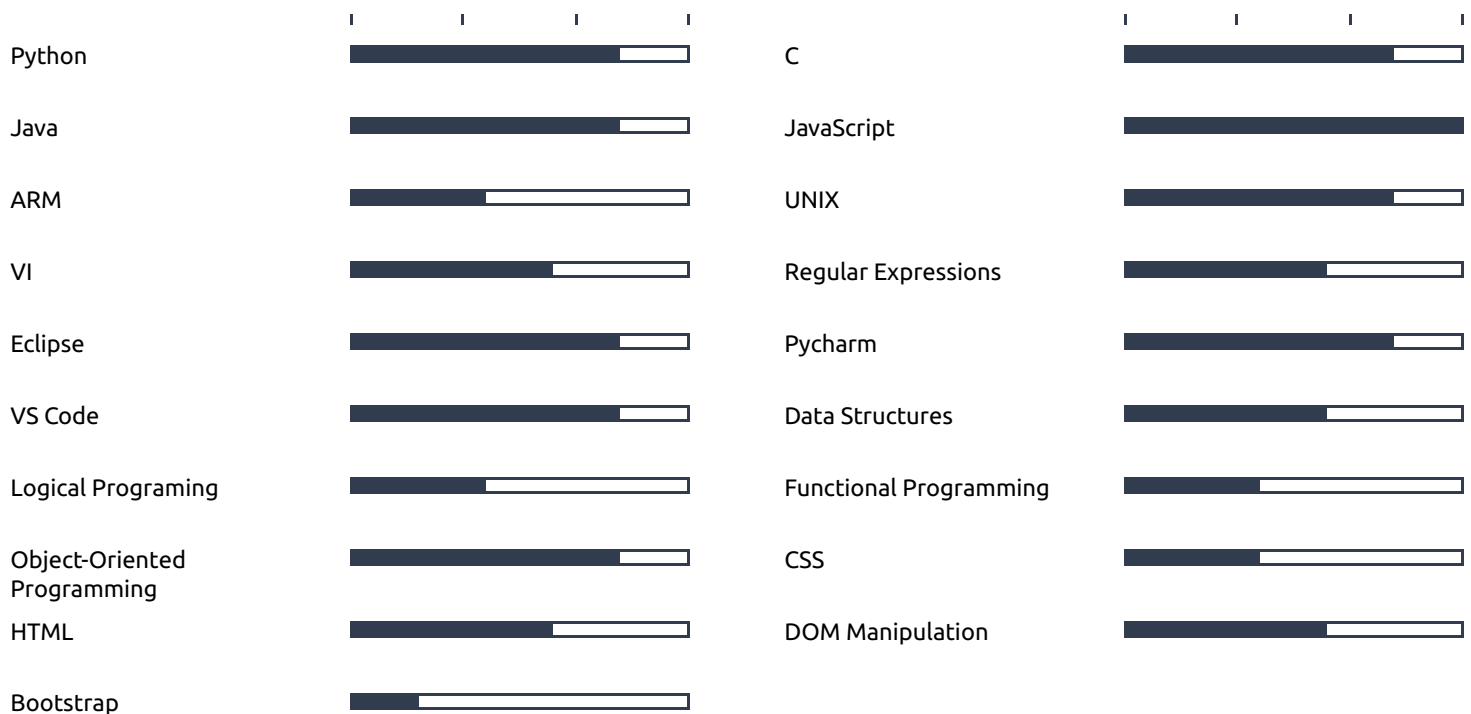

EDUCATION

BS, Major in Computer Science
The University of Western Ontario

09/2020 - Present   *3.9 GPA*

Courses

- Computer Science Fundamentals I/II
- Intro to Computer Organization & Architecture
- Organization of Programming Languages
- Calculus I/II
- Software Tools & Systems Programming
- Discrete Mathematics
- Applied Logic for Computer Science

EDUCATION

BA, Major in English
The University of Western Ontario

09/2017 - 08/2021   *3.7 GPA, Graduate With Distinction*
Courses
- Critical Reading and Writing
- Intro to Theory
- Advanced Theory
- etc.

WORK EXPERIENCE

Computer Science & Mathematics Tutor
Self-employed

07/2021 - Present
Achievements/Tasks
- Conducted tutorial services for students to provide academic support in computer programming and high school / university-level calculus
- Incorporated technology into lessons to expand the student's technical abilities and logical thinking
- Provided real-world examples of test questions and scenarios to better prepare students for problem solving under pressure

Secretary's Assistant
TGP Lawyers LLP

09/2015 - 06/2016   *Toronto Ontario, Canada*
Achievements/Tasks
